Fiscal Data: Budgets and audits are available upon request.

Service and Operation Data:

1. Complaint Resolution: Upon request by a subscriber, the staff of the Commission will investigate complaints regarding construction, installation, and billings and work with the cable company toward resolution. Complaint advice is also available to subscribers of non-cable television video providers, including satellite, and master antenna.
2. Government Programming: On behalf of the participating jurisdictions, the Commission operates a cable television channel on the cable system called METROCABLE 14. Currently, METROCABLE 14 cablecasts the regular weekly meetings of the Sacramento County Board of Supervisors, the Sacramento City Council, and Citrus Heights City Council and the bi-weekly meetings of the City Councils of Folsom, Galt, Elk Grove and Rancho Cordova. In addition, bulletin board messages about government services and informational programs are cablecast weekly. Special METROCABLE 14 activities include election forums, instant election results, budget deliberations, and presentation assistance. Other meetings cablecast include SMUD, Sacramento Area Flood Control Agency, Sacramento Transportation Authority, Sacramento Unified School District, LAFCO, Sacramento Public Library, North Highlands Park and Recreational District, and the Environmental Commission.
